

# LET'S TALK

and learn what to say and how to speak!

An initiative taken by  
Garg's Scholars' Institute, Siliguri

Students, job-aspirants, housewives, salespersons,  
and anyone from any field may join us to learn  
Fear-Free English for Communication.

Communicative English

We make people not only speak,  
we help them connect and communicate

GSI with its dream project Let's Talk offers to serve the learners in the following methodical ways.

# About us

*Let's Talk* is a 6-month course programme - a brainchild of the academic and the advisory committee of GSI to extend a friendly support to the students' fraternity- especially for those who're preparing themselves for their '+2'.

Today's students are tongue - tied. They understand what is being spoken, but when it comes to reply or speak back, they helplessly show their back as they choose to fumble.

## *Introduce Yourself!*

This simple question even is killing enough for our students today to answer. But why??

Be it Engineering, Medical, Academia, or Fashion designing! In every field people need to either present themselves, or to represent their organization. It simply means, one needs to communicate, interact, build network with people around. A sound and profound knowledge of Physics, Chemistry, Biology, Economics, Political Science, or Geography comes much later.

*'Pehle darshan dhari, bad me gun bichari!'*

We all are some way or other into marketing, knowingly, or unknowingly. Therefore, Marketing, Networking, Communication, Personality - all these ideas matter today. Because every day we need to sell ourselves! Yes, may be, voice, or skills, or expertise, or mouth, or words. But who'll purchase our skills, if we're not competent enough?

*Jo dikhta hai, wohi bikta hain!*

**SPEAK** RECORD REPEAT  
IMPROVE MICROPHONE SPEAKING HEADPHONES LISTEN  
**PRACTICE** AUDIO PARTNER

## About the Trainer
